

Our Health Neighbourhoods

North Zone Health Neighbourhood

Key Messages

Health Neighbourhoods bring together people from diverse backgrounds to improve primary health care for the people in Northern Alberta.

We celebrate that our Health Neighbourhoods are unique to Northern Alberta, and unique even when compared with each other.

We are building bridges between health and social areas to improve the primary health care experience for everyone in Northern Alberta.

We are evolving. As we add new Membership, the look and feel of the Health Neighbourhoods will change in time.

We take our time to relationship-build and want to avoid being only project-driven. We work meaningfully together to understand gaps in services for the benefit of everyone in Northern Alberta.

We do not want to duplicate existing work. We meet to learn, share, and use our ideas to support primary health care needs now and in the future.

We have **Mini Working Groups** targeted to address specific concerns related to primary health care:

We model shared leadership and take ownership of our work.

Our work is evolving - we want to co-create navigation supports, workshops, stories, networks, and build on communications within existing projects.

We balance meeting time by getting to know each other, staying connected, and implementing the North Zone Service Plan.

We know that everyone has wisdom and we need everyone's wisdom to move forward together.

We strive to be inclusive and communicate in a way that all Membership and community members can access and understand.
